MMR / DEALER CHECKLIST

Make Room for the Left-Handed Player

A fitting and ordering process that gives the customer a fair chance to compare.

Starting point

Experience / current playing orientation / preferred orientation / uncertainty requiring an instructor trial.

Fit trial

Exact instrument tried / seated and standing needs / reach / balance / player comments.

Ordering

Handed product code / finish / electronics / included case / availability source and date / estimated arrival.

Terms

Deposit and cancellation / return or exchange / differences between demo and ordered model. Use current written store policy.

Teaching and service

Material orientation / instructor route / setup and support / conversion assessment if specifically proposed.

Name / class or store: _____ Date: _____
