MMR | RETAIL FIELD GUIDES

Headphones Do Not Silence the Kick Pedal

An electronic kit demonstration should include what everyone else in the house will hear.

Counter checklist

1. Listen to ordinary playing with electronic output turned down.

2. Record room, floor, intended hours and unresolved home-trial questions.

3. Measure the working setup with throne and player access.

4. Check the exact package contents and agree trial terms before delivery.

Instrument / equipment: _____

Customer requirements: _____

Unresolved questions / next step: _____

Staff / date: _____
